**Report of City Engineer and Traffic
Director**

The City Engineer and Traffic Director report as follows on the letter received by the City Council from Mr. Herbert E. Russell regarding traffic improvements in the City of Lansing.

The following recommendations are made by Mr. Russell:

1. Experiment with the use of white paving materials and whitewash some of our streets to afford better visi-

bility of pedestrians crossing the streets.

2. Construct additional bridges across the river to permit more traffic to leave the business district.
3. Construct additional municipal parking lots.

In our opinion suggestion number one is impractical and therefore should not be considered.

Suggestions numbers two and three are already under consideration by the city authorities and should be included in set-up as projects to be performed in the post-war period to take care of anticipated unemployment.

GLENN P. MANZ,
City Engineer.SIDNEY ANGER,
Traffic Director.

OFFICIAL PROCEEDINGS OF THE CITY COUNCIL OF THE CITY OF LANSING

Proceedings, Jan. 19, 1942

CITY COUNCIL ROOMS

Lansing, Michigan,
January 19, 1942.

The City Council of the City of Lansing, Michigan, met in regular session and was called to order by Mayor Hughes.

ROLL CALL

Present—Aldermen Bassett, Collier, Crego, Dell, Graham, Hungerford, Letherman, LeClear, Niles, Russell, C. A. Smith, L. J. Smith, W. R. C. Smith, Snyder, Starkweather, Stoppel.—16.

The Clerk announced that a quorum of the Council was present.

The record of the previous session was approved as printed.

January 19, 1942.

To the Honorable Members of the City Council of the City of Lansing, Michigan.

Gentlemen:

For the past nine months and nine days I have held the position of Mayor of this City and the presiding officer over the City Council. By and large, we have taken the same view of the major problems which have faced our City. I express my appreciation to you for your cooperation upon the many intricate problems which have faced our government.

Tonight we find ourselves as the representatives of a great Capital City situated in the heart of a great area of production of war materials with which to wage a war against foreign enemies. This war repre-

sents not only a struggle between peoples, but also a direct clash between a philosophy of might and democracy and the freedom of the individual on the other hand. The part which our City will be called upon to play in this gigantic struggle will add burdens not only to the government itself, but to our people and particularly to us as their representatives.

I recommend for your consideration the following items:

1. That a committee be appointed, by and with your consent, to work out in co-operation with the Public Work Reserve, a work reserve shelf of the things which are most pressing to be done over a period of five or ten years. By so doing, we will be carrying out a logical forward looking program, if economic conditions remain reasonably normal and also will be fortified in the event that a depression should descend upon us following the war effort.

2. That studies be made concerning the construction of needed bridges over Grand River, and that the studies now in progress concerning grade separation be continued.

3. That a survey be made looking toward the reorganization, realignment and combination of the several departments of our City government.

4. That the City government cooperate with and lend its best efforts to the Civilian Defense program of this community and the County of Ingham.

I ask for your continued patience, diligence and hard work in giving to the City of Lansing a progressive, forward looking, intelligent and efficient administration.

Respectfully,

SAM STREET HUGHES,
Mayor.

January 19, 1942.

That this Board approve the purchase
the "West 4 rods of Lots 9 and 10, Green

Nays—None.

Respectfully submitted,

BERTHA RAY,
City Clerk

Referred to Committee on Police
Fire.

To the Honorable Mayor and City Council

Gentlemen:

The following resolution was adopted

the Cemetery and Park Commission at a meeting held on January 14, 1942:

By Com. Rathbun—

That the Board recommend the granting of the attached permit to the Consumers Power Company to lay a gas main along the property purchased for the west side golf course and adjacent to the Eaton-Ingham county line road between Saginaw Street and Michigan Avenue. In consideration for the nuisance involved, the Consumers Power Company has turned over to the City, a parcel of land which is and has been used as a part of the baseball and skating field on South Pennsylvania Boulevard at Sycamore Ball Park.

Carried.

Respectfully submitted,

BERTHA RAY,
City Clerk.

Received and placed on file.

W. R. C. Smith, Snyder, Starkweather, Stoppel.—16.

Nays—None.

The Traffic Commission reports as follows on the resolution requesting that Baker Street be made a STOP street from Washington Avenue to Pennsylvania Avenue. At the present time Baker Street is handling considerable traffic going to and from the Reo and Nash-Kelvinator plants. It is also the only through street running from Washington Avenue to Pennsylvania Avenue between Mt. Hope Avenue and Cedar Street. In view of these facts, we recommend that Baker Street be made a STOP street from Washington Avenue to Pennsylvania Avenue.

Respectfully submitted,

SIDNEY ANGER,
Secretary, Lansing Traffic Com.

Referred to Committee on Ordinances.

TRAFFIC COMMISSION REPORT

The Traffic Commission has taken under consideration the requests which have been referred to the Commission for the installation of traffic signals at the following intersections:

1. Washington Avenue at Baker Street.
2. Saginaw Street at Cedar Street.
3. Grand River Avenue at Center Street.
4. Logan Street at Barnes Avenue.

At the present time there remains in the Traffic Commission budget barely enough funds for the installation of one intersection. The Traffic Commission feels that these funds should be used for the purchase of traffic signal equipment to be used at the intersection of Washington Avenue and Ionia Street. The Commission feels that traffic signals should be installed at the Washington-Ionia intersection in order to complete down-town system, and we therefore recommend that the remaining funds in the Traffic Commission Traffic Signal budget be used for this purpose.

Respectfully submitted,

SIDNEY ANGER,
Secretary, Lansing Traffic Com.

By Ald. L. J. Smith—

That the light be installed as recommended by the Traffic Commission at Ionia Street and Washington Avenue.

Adopted by the following vote:

Yeas—Ald. Bassett, Coller, Crego, Dell, Graham, Hungerford, Letherman, LeClear, Niles, Russell, C. A. Smith, L. J. Smith.

The Traffic Commission reports as follows on the resolution requesting that traffic on Holmes Street be made to stop before entering Main Street. At this particular intersection there are several stores which results in considerable parking on the streets which are very narrow at this location. There have been several accidents at this location and we feel that if traffic on Holmes Street were made to stop before entering the intersection it would result in a reduction of confusion and accidents at this corner.

Respectfully submitted,

SIDNEY ANGER,
Secretary, Lansing Traffic Com.

Referred to Committee on Ordinances.

MOTIONS, RESOLUTIONS AND NOTICES

By Ald. Dell—

Whereas, there is before Congress of the United States Senate Bill S. 2015, and H. R. 5949 dealing particularly with so-called "unreasonable restrictions to interstate commerce created by existing state laws regulating the weights and sizes of commercial vehicles," and

Whereas, said bills give to the Interstate Commerce Commission the power to determine whether existing State Laws create unreasonable restrictions to interstate commerce, with the further power to determine what weights and sizes of trucks are reasonable; and

Whereas, we believe that State Highway, County, City and local officials who are charged with the safe maintenance and operation of the highways in their respective states are better qualified to determine safe and economic weights and sizes of commercial vehicles than any Federal Agency, therefore be it

Resolved, that we, the City Council of the City of Lansing, Michigan, go on record as opposing such legislation as being arbitrary and unwarranted, and earnestly request your determined opposition to said bills, and

Be It Further Resolved, that a copy of this resolution be forwarded to our United States Senators and Representatives.

Resolved by the City Council of the City of Lansing:

That an order be drawn by the City Clerk in favor of the City Treasurer in the amount of \$29.60 to cover an error on the December tax roll.

This property is in the name of William B. Eaton at 607 N. Hayford (Lot 63, Foster Farm Addition). Mr. Eaton filed his request for a soldier's exemption, which amounts to \$2,000, after the Board of Review in July, but the name of the former owner still appeared on the tax roll and in December this evidently was overlooked and the total valuation of \$3,100 placed on the tax roll.

This man is entitled to a two thousand dollar soldier's exemption by the State Tax laws, the amount of \$29.60 will cover this exemption and leave Mr. Eaton with a balance to be paid by him of \$16.28, which will clear this amount in the Treasurer's office.

Mayor and City Council,

Lansing, Michigan.

Gentlemen:

On November 3rd, 1941, the Traffic Commission recommended to the City Council that the traffic ordinance be changed to permit only parallel parking on that portion of Michigan Avenue between the M and P. M. railroad tracks and Clemens Avenue.

At that time the Commission thought that the recommendation should also include the remaining block on Michigan Avenue between Clemens Avenue and Parkview Avenue but no definite recommendation was made at that time.

Since parallel parking has been eliminated on this street, on the above mentioned portion, we have had many favorable comments on the manner in which traffic is now being moved due to the elimination of angle parking.

We have now received a resolution from the City Council dated January 26, 1942, requesting that angle parking be prohibited on the south side of Michigan Avenue between Clemens Avenue and Regent Street. Rather than permit angle parking in this particular block and also in the block between Clemens Avenue and Parkview Avenue it is the recommendation of the Traffic Commission that the ordinance be so amended to provide for parallel parking only on all of East Michigan Avenue from the railroad tracks to the east city limits.

To the Mayor and City Council,

Lansing, Michigan.

Gentlemen:

We have made considerable study of the
traffic problem of the Olds Motor Works
and the Nash-Kelvinator Company and
have submitted to each of these companies
suggestions for remedying their parking
problems.

These suggestions, if acceptable to the
companies, either in whole or in part, will
have a definite bearing on the final recom-
mendation which we will make to the
Council.

We find that due to the time that will be

required for the Olds Motor Works to
change over from automotive to defense
production, the congestion will be relieved
for the time being.

Yours very truly,

By Ways and Means Committee—

Whereas, The Treasury Department has again brought up the subject of Federal tax on the income from State and Municipal Bonds and,

Whereas, In this time of grave national crisis, the fullest cooperation between Federal and Municipal Governments of the United States is essential to the successful prosecution of our war effort, and

Whereas, Despite this grave national emergency and the need for complete cooperation of purpose and good will between separate branches of our government, the Treasury Department persists in its disturbing efforts to impose a Federal tax upon the income from State and Municipal bonds, and thus needlessly resurrects highly controversial and irritating issues, and

Whereas, a tax on future issues of State and Municipal bonds would raise practically no revenues whatsoever at this time yet would substantially increase the cost of municipal borrowing, Now, therefore

Be It Resolved, by the City Council of the City of Lansing Michigan, that we are definitely opposed to the attempts of the Treasury Department, either by administrative rulings or by judicial decree to impose a federal tax on State and Municipal bonds, and

Further, the Treasurer and Council should keep in mind what the Supreme Court has said: "The Power to Tax involves the Power to Destroy."

Further, That copies of this resolution be sent to the members of the House of Representatives and the Senate Finance Committee as per attached list to our Michigan Senators, Honorable Patrick M. Brown and Honorable Arthur Vandenberg, also Representative Blaine of this district and to Paul V. Bennett, Director, the United States Conference Mayors, 730 Jackson Place, N.W., Washington, D. C.

To the Honorable Mayor and City Council:

Gentlemen:

In compliance with your resolution March 2, 1942, I have investigated the complaint concerning the Crown Dry Clean Plant at 905 and 907 West Genesee Street, Lansing, Michigan.

I made ten separate trips to this location during the last week, all at different hours of the day. I found no evidence of excessive noise or disagreeable odor.

The question of residential property appreciation can be settled only by the courts, but to the best of my knowledge there is no violation of any city ordinance in this matter.

Very truly yours,

CITY OF LANSING

M. M. Caldwell,
Asst. Bldg. Comm.

Received and placed on file.

March 9, 1942

To the Honorable Members of the Council of the City of Lansing, Michigan:

Both these Sections confer upon the Mayor the power of appointment and removal of the Sealer of Weights and Measures, and the Superintendent of the Market. Following resolution was taken from the table on motion of Ald. L. J. Smith.

By Ways and Means Committee—

Whereas, The Treasury Department has again brought up the subject of Federal tax on the income from State and Municipal Bonds, and

Whereas, In this time of grave national crisis, the fullest cooperation between the Federal and Municipal Governments of the United States is essential to the successful prosecution of our war effort, and

Whereas, Despite this grave national emergency and the need for complete unity of purpose and good will between the separate branches of our government, the Treasury Department persists in its disturbing efforts to impose a Federal tax upon the income from State and Municipal bonds, and thus needlessly resurrects this highly controversial and irritating domestic issue, and

Whereas, a tax on future issues of State and Municipal bonds would raise practically no revenues whatsoever at this time and yet would substantially increase the cost of municipal borrowing. Now, therefore,

Be It Resolved, by the City Council of the City of Lansing, Michigan, that we are definitely opposed to the attempts of the Treasury Department either by statute, administrative rulings or by judicial decree to impose a federal tax on State and Municipal bonds, and

Further, the Treasurer and Congress should keep in mind what the Supreme Court has said: "The Power to Tax Involves the Power to Destroy."

Further, That copies of this resolution be sent to the members of the House Ways and Means Committee and the Senate Finance Committee as per attached list and to our Michigan Senators, Honorable Prentiss M. Brown and Honorable Arthur H. Vandenberg, also Representative Blackney of this district and to Paul V. Betters, Director, the United States Conference of Mayors, 730 Jackson Place, N.W., Washington, D. C.

Adopted by the following vote:

Yeas—Ald. Bassett, Collier, Crego, Dell, Graham, Hungerford, Letherman, LeClear,

Niles, Russell, C. A. Smith, L. J. Smith, W. R. C. Smith, Snyder, Starkweather, Stoppel.—16.

Nays—None.

REPORTS OF CITY OFFICERS

City Treasurer's report showing receipts to and payments from city funds for the month of February and the standing of city funds on February 28th, 1942.

Received and placed on file.

March 14, 1942.

Honorable Mayor and City Council,
Lansing, Michigan.

Gentlemen:

Referring to the request of the Disabled American Veterans to hold a parade, in conjunction with their Convention, June 20th, 1942, at 7 P. M. between Shiawassee and Kalamazoo Streets on Washington Avenue.

I respectfully advise that the request be granted. The plans for the Parade are tentative and from the information available it will not be a large one.

Respectfully submitted,

JOHN F. O'BRIEN,
Chief of Police.

By Ald. Russell—

That the request to parade be granted.
Carried.

March 12, 1942.

To the Honorable Mayor and Members of the City Council of the City of Lansing, Michigan.

Gentlemen:

A question came up last Monday night

as to the present status of Lots 6, 7, 8 and 9 of Block 19, Park Place Addition, to the City of Lansing, Ingham County, Michigan. I have made an examination of the Last Will and Codicil of J. H. Moores, deceased, and find from such Will and Codicil that a specific bequest was made to the City of Lansing of certain properties now known as Frances Park and Moores Park. These properties are to remain as parks.

Paragraph Nine of the Codicil bequeathed "to the City of Lansing, Michigan, the proceeds that can be derived from the sale of any vacant lots belonging to me, situated in the City of Lansing, to the amount of Ten Thousand Dollars, figures as per my last inventory. The said lots are to be selected by my executor, and set aside next after providing for the special fund named in paragraph tenth of said will, and increased in amount by paragraph "Second" of this codicil. These lots are to be sold by my executor as fast as opportunity may offer, and prices secured, equal to, or better than my inventory price. The proceeds of the said lots are to be paid over to the City Treasurer of the said City of Lansing, as fast as sales are made, and the sum so paid over, shall constitute a special fund to be used by the said City of Lansing, as follows: Three Thousand (\$3,000) Dollars shall be used to make permanent improvements in Moores Park. These improvements may be a small lake or wading pool for the children, a fountain, or may apply on the cost of a good bath house and swimming pool for boys and girls. The remaining Seven Thousand Dollars, and any profits and interests that may accrue to the fund shall be expended in the planning and laying out of drives and walks, and the planting of shrubbery and trees in the cleared portion of Frances Park." Therefore, Lots 6, 7, 8 and 9 of Block 19, Park Place Addition, were not given to the City for any specific purpose. They were listed among certain vacant lots out of which the proceeds of \$10,000 was to be raised, .3 of which was to be used for the permanent improvement of Moores Park, and .7 for Frances Park.

The question of whether or not this property could be sold was submitted to a vote of the people on November 5, 1941, in order that proper title could be given and passed upon favorably. Consequently, the Council is in a position to dispose of this property.

Respectfully submitted,

CLAY CAMPBELL,
City Attorney.

Received and placed on file.

March 16, 1942.

To the Honorable Members of the City Council of the City of Lansing, Michigan.

Gentlemen:

In accordance with a City Ordinance

passed by this Council March 13, 1930, by and with your consent, I hereby appoint Mrs. R. D. Van Velzor of 1032 Lenore Avenue, Lansing, Michigan, as a member of the Advisory Committee on the regulation of news stands.

Mrs. Van Velzor will fill a vacancy in said Committee.

Respectfully submitted,

SAM STREET HUGHES,

By Ald. L. J. Smith—

That the appointment be confirmed.

Adopted by the following vote:

Yeas—Ald. Bassett, Collier, Crego, Graham, Hungerford, Letherman, Liles, Niles, Russell, C. A. Smith, L. J. Smith, W. R. C. Smith, Snyder, Starkweather, Stoppel.—16.

Nays—None.

REPORTS OF CITY OFFICERS

March 21, 1942.

Honorable Mayor and Members of the City Council,

Lansing, Michigan.

Gentlemen:

We are in the midst of a severe war and the Olds Motor Works are manufacturing materials to be used in the operation of this war.

They operate their machines 24 hours each day, therefore, the incoming workers

arrive at the factory before the outgoing workers leave, which causes two shifts at the factory at the same time.

As these employees come in automobiles it requires an unusual amount of parking space and until different arrangements be made it seems to be necessary to use streets in the vicinity for parking purposes.

The City of Lansing and the Olds Motor Company are attempting to secure parking lots but until this is accomplished in order to cope with the situation the existing signs have been temporarily removed between Logan and Townsend Streets between Main Street and Olds Avenue. We hereby request your approval of temporary action.

Yours truly,

LANSING TRAFFIC COMMISSIONER

H. H. HARDY,
Chairman

By Ald. L. J. Smith—

That the recommendation be approved.
Carried.

March 23, 1942.

Yours very truly,

BERTHA RAY,
City Clerk

Referred to Committee on Ordinances.

time.

that I recall to you our communication of

which is as follows:

a neighborhood park, and that 66 foot
streets be extended from Washington Ave-
nue to the New York Central Railway
tracks along the north and south lines of
the above described property, and that a
66 foot street be established along the west

REPORTS OF CITY OFFICERS

March 30, 1942.

Honorable Mayor and City Council,
Lansing, Michigan.

Gentlemen:

On March 23 the City Council referred to the Traffic Commission a petition requesting the installation of a traffic signal on Logan Street between Mt. Hope Avenue and the Logan Street Bridge. I have made a study of this area and am of the opinion that what the petitioners actually wanted was a traffic signal at Logan Street and Barnes Avenue for the protection of children crossing Logan Street going to and coming from the Barnes Avenue and St. Casimir's schools.

If we are going to install traffic signals to protect school children in crossing heavily travelled streets near which the school is located, then we should do this at all the schools at which signals are needed rather than to pick out one school at a time. In my opinion the following schools are located on or near streets where a considerable number of children cross and which streets carry an amount of traffic similar to that on Logan Street.

1. Cedar Street School—Children crossing Grand River Avenue.
2. Grand River Avenue School—Children crossing Grand River Avenue.
3. Oak Park School—Children crossing Saginaw Street.
4. St. Mary's School—Children crossing Ottawa Street.
5. Verlinden School—Children crossing Saginaw Street.

6. Willow School—Children crossing Willow Street.

7. Foster School—Children crossing Michigan Avenue.

For the information of the Ways and Means Committee, I would advise that the estimated cost of installing overhead traffic signals at these corners would be \$700 per corner or a total of \$5,600 for the eight locations mentioned.

Respectfully submitted,

SIDNEY ANGER,
Traffic Director.

Received and placed on file.

March 30, 1942.

Honorable Mayor and City Council,
Lansing, Michigan.

Gentlemen:

On March 23 the City Council referred to the Traffic Commission a resolution introduced by Alderman Dell requesting that no heavy trucking be permitted on Pennsylvania Avenue from Michigan Avenue to Saginaw Street.

The Traffic Commission is at a loss to know by what authority they can prohibit trucks from using this street since there does not appear to be any ordinance on the books to cover this matter. There was an ordinance introduced by Alderman Russell on March 3, 1941, regulating the operation of commercial vehicles of a length greater than 26 feet or carrying a load of more than one ton, but no action was ever taken on this ordinance by the City Council.

Respectfully submitted,

SIDNEY ANGER,
Traffic Director.

Received and placed on file.

By Public Buildings Committee—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing will acquire possession of the Old Post Office Building, May 31, 1942, and in anticipation of the use and occupancy of said building the services of Lee Black and Kenneth Black, Architects, were obtained and in conjunction with the City Engineering Department certain plans or schemes have been worked out and preliminary tentative specifications and estimates prepared, and

Whereas, Public Act 125 of 1895, Sections 13954 and 13955 of Compiled Laws of Michigan 1929 provides that the council of the City of Lansing or its citizens thereof shall furnish and provide free of expense to said County, a suitable place for holding court and transacting business thereof, and

Whereas, the Probate Court for the County of Ingham holds its session in Lansing on two days of each week, in a space outside the City Hall Building, an office space being provided by the County of Ingham, and

Whereas, the need for office space by the Municipal Court for the City of Lansing has greatly increased due to the tremendous increase in legal business as a result of the growth of the City of Lansing, and

Whereas, it is deemed advisable that the Old Post Office Building be made a "Court Building," housing therein the City Probate Court, Municipal Court and necessary attendants, and

Whereas, said estimates of costs as prepared indicate a substantially greater cost of remodeling in order that the Old Post Office may be used as a "Court Building" as planned under "Plan No. 2"

Now, Therefore, be it resolved that "Plan No. 2" as prepared by the

fects and Engineers and providing for the remodeling of the Old Post Office Building as a "Courts Building" and that the third floor of the City Hall be remodeled as indicated to accommodate the Health Department and Health Clinic, be adopted, contingent upon the provision that the plan is acceptable to the Ingham County Board of Supervisors and that Ingham County shall pay to the City of Lansing the Sum of Twenty-five Thousand (\$25,000.00) dollars, said sum being the estimated increase in cost of remodeling in accordance with "Plan No. 2" as compared to "Plan No. 1"; and further, that the Mayor be and is hereby authorized to apply for permission and priority rating from the War Production Board to prosecute the work and that the contract with Lee Black and Kenneth C. Black, Architects, be extended under the provisions as contained in the existing contract for the preparation of working plans and specifications for this work.

REPORTS OF CITY OFFICERS

City Comptroller's report showing condition of department funds for the period from May 1st, 1941, to April 30th, 1942, was received and placed on file.

May 2, 1942
Lansing, Michigan

Miss Bertha Ray, City Clerk,
City Clerk's Office,
City Hall.

Dear Miss Ray:

In reference to the action taken by the City Council at a meeting held on April 27, 1942, regarding the property located at 1425 Jerome Street, I wish to make the following report:

On February 6, 1941, this department

sent a communication to Mr. Earl H. Pierson, 810 E. Shiawassee Street, regarding the property located at 1425 Jerome Street, asking him to "Close all windows and doors; also protect the excavation."

This request was not complied with and on June 18, 1941, we sent a follow-up stating that "Inasmuch as we feel that sufficient time has elapsed to comply with the recommendations, we are requesting that you advise this department as to your intentions in this matter." No reply was received.

The property in question is an old house moved from Holmes Street to its present location and being set over a newly excavated basement. The moving permit for this job was issued on February 14, 1940, and the house moved soon after. In compliance with the action taken by the City Council, an investigation was made today by Mr. Mitt Caldwell of the City Building Department and myself. We personally contacted Mr. Pierson, the owner, and he stated that due to sickness and financial difficulties, he had been unable to put the house in a livable condition. He also stated, however, that about May 8, he intends to start completion of this building and the work should be finished within sixty (60) days.

This department recommends that consideration be given Mr. Pierson and that a time limit of sixty (60) days be set for correction of the existing conditions of this property and that a copy of this communication be sent to him at his home, 1420 Jerome Street.

Respectfully submitted,

SAMUEL C. FISHER,
Fire Marshal,

M. M. CALDWELL,
City Building Department.

By Ald. Hungerford—

That the report be adopted and a copy of this report be sent to Earl H. Pierson.

The following resolution has been on file in the City Clerk's office for one week in accordance with Section 92 of the City Charter:

By Public Buildings Committee—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing will acquire possession of the Old Post Office Building, May 31, 1942, and in anticipation of the use and occupancy of said building, the services of Lee Black and Kenneth Black, Architects, were obtained and in conjunction with the City Engineering Department certain plans or schemes have been worked out and preliminary plans, tentative specifications and estimates prepared, and

Whereas, Public Act 125 of 1895, being Section 13954 and 13955 of Compiled Laws of Michigan 1929 provides that the City Council of the City of Lansing or the citizens thereof shall furnish and provide, free of expense to said County, a suitable place for holding court and transacting business thereof, and

Whereas, the Probate Court for the County of Ingham holds its session in Lansing on two days of each week, in office space outside the City Hall Building, said office space being provided by the County of Ingham, and

Whereas, the need for office space for the Municipal Court for the City of Lansing has greatly increased due to the tremendous increase in legal business as a result of the growth of the City of Lansing, and

Whereas, it is deemed advisable that the Old Post office Building be made a "Courts Building," housing therein the Circuit, Probate Court, Municipal Court and the necessary attendants, and

Whereas, said estimates of costs as prepared indicate a substantially greater total cost of remodeling in order that the Old Post Office may be used as a "Courts Building" as planned under "Plan No. 2."

REPORTS OF CITY OFFICERS

June 1, 1942.

Honorable Mayor and City Council,
Lansing, Michigan.

Gentlemen:

The Traffic Commission has taken under consideration the letter received by the City Council from the War Department in which was requested three parking spaces for government owned cars which are parked in front of the Mutual Building in the 200 block of North Capitol Avenue. It has always been the policy of the Traffic Commission to look unfavorably upon any requests for special parking privileges, but in this particular case we feel that some favorable consideration should be given to this request.

At the present time we have set aside one space for a government owned car in front of the Mutual Building. There is also a building entrance space marked off which could accommodate one car. It is the recommendation of the Traffic Commission that the building entrance should be eliminated and this space, together with one additional space, be set aside for use of the War Department cars only. This will give them the desired three spaces by only taking up one additional parking space.

With reference to the request that permanent courtesy cards be issued to employees of the War Ordinance Department it is the recommendation of the Traffic Commission that this request be denied and that the drivers of these cars make their own arrangements for off-street parking.

Respectfully submitted,

SIDNEY ANGER,
Traffic Director.

By Ald. L. J. Smith—

That the recommendation be adopted.

Carried.

To the Honorable City Council of the City of Lansing, Michigan.

Gentlemen:

In conformance with conversations with

you and information given you by me during the time I have been Mayor, I submit to you herewith a request to make studies concerning the merger and realignment of certain City services and departments.

During the past 12 months the Departments of Engineering and Public Works have been operating as a unit so far as the present Charter provisions would allow. You will remember that more than a year ago I expressed to you the opinion that these two departments and possibly other departments closely allied, should be united into one. This requires a Charter amendment. During this experimental year we have discovered that economies have been effected and the service at the same time improved.

I recommend that the Council Committee on Streets, Service and Health, proceed forthwith to make studies concerning the merger of the above named departments and affiliated departments, looking toward the submission to the Council of the necessary proposed Charter amendments to carry out the program.

Respectfully submitted,

SAM STREET HUGHES,
Mayor.

The City Council of the City of Lansing, Michigan, met in regular session, following a recess, and was called to order by the President of the Council, Alderman Crego.

ROLL CALL

Present—Aldermen Coller, Crego, Dell, Graham, Hungerford, Letherman, LeClear, Niles, C. A. Smith, L. J. Smith, W. R. C. Smith, Snyder, Stoppel.—13.

June 11, 1942.

To the Honorable City Council of Lansing, Michigan.

Gentlemen:

I regret that prior arrangements and obligations prevent my being present tonight.

The need for intelligent planning in our City has been apparent for many years. Many errors have been made and many areas, blighted, not because of any intention so to do, but rather because no long term planning had been done. When an area loses considerable value the tax losses often become serious to the municipal corporation for all time to come.

The Planning Commission has spent many hours of hard work preparing the plans and zoning ordinance. I am convinced that it is the most complete and intelligent set-up which we have had in the history of the City of Lansing. I am, therefore tremendously interested, both from the viewpoint of a citizen and as Mayor, in having you give favorable consideration to the proposed zoning ordinance.

Respectfully submitted,

SAM STREET HUGHES,

Mayor.

Mr. Ayers requested that Lot 34, Cedar Acres, be rezoned to "C" Commercial. This property is known as 108 Rockford Road.

A written protest was received against rezoning Lot 34, Cedar Acres, from "A" Residential to "C" Commercial District.

Referred to City Plan Commission.

HEARING ON PROPOSED ZONING ORDINANCE

A communication was received from the Riker Lumber Company protesting the proposed change in the Classification of property located in the vicinity of East Grand River Avenue and Larch Street. The Company stated that this property had always been used for light manufacturing and warehousing and believed it should continue to be used for such purposes.

Referred to the City Plan Commission.

A petition was received from the Pere Marquette Railway Company in regard to the property described as Parts of Lots 3, 4, 23 and 24 and all of Lots 21 and 22, Block 2, lying southwesterly of the Pere Marquette Railway Tracks, and also Lots 8, 9, and 10 of Turner's Subdivision fronting on Larch Street and located south of East Grand River Avenue and protested against the classification of this property being changed to "C" Two-family District.

Referred to the City Plan Commission.

Mr. Howard Pett of the Consumers Power Company stated that the proposed zoning placed their plant property in a restricted zone and asked that this change be reconsidered and the property remain in the present zone.

He also asked that in Section 10 item 8, "Gas Manufacture," be removed.

H. B. Rice, Real Estate Agent of the New York Central R. R., and the Manufacturer's Railroad, objected to certain land now zoned "Industrial" being changed to a Residential Zone.

Wesley Ceeley of the Simon Iron and Steel Corporation objected to property near Willow Street and near the Manufacturer's Railroad being changed from "Unrestricted" to "Residential" classification.

Mr. Smith, representing the Michigan Bell Telephone Company, complimented the Commission on the fine piece of work it had done, but objected to the change proposed in the classification of Block 20, Assessor's Plat 18, to residential property.

Mr. Stockbridge of the Capital Steel Corporation spoke regarding the company's property near the Pere Marquette R. R. in the 1400 block Fuller Street and ob-

jected to its being zoned "Residential" and asked the Council to consider further changing the classification of this property.

Mr. Chas. Dean, representing the White Products, objected to their property on Clifford Street at P.M. R.R., being changed "Industrial" classification to "Residential."

Mr. Lewis of the Detroit Trust Company, representing the Estate of Sophie Turner, objected to a change in the classification of Lots 5, 6, 7 and 8, Block 2, on North Street, from its present classification.

Mr. Clinton Hanks of the Hanks Coal Company spoke relative to property owned by them near the Pere Marquette R.R. tracks and asked that it remain in the "Industrial" classification.

Leonard H. Braun approved of the proposed zoning in the Heatherwood Plat area, and west portion of the city.

Ald. Stoppel addressed the meeting relative to the work of the Plan Commission.

Ald. Hungerford spoke relative to the proposed zoning of a tract of land south of the Federal Drop Forge plant to "Heavy Industrial" classification and suggested that 300 feet in depth on the west side of Washington Avenue, extending from the Federal Drop Forge south to the City Limits, be set aside for "Residential" classification.

Russell Phillips, 900 Durant Street, approved the proposed classification of the property west of Stanley Street, south of Willow Street and East of the Belt Line R.R., and land along the Belt Line R.R. north of Willow Street.

All the protests and suggestions made were referred to the City Plan Commission.

By Ald. LeClear—

That three weeks from Monday, June 15, 1942, be set as a final date for protests and suggestions to be filed on the proposed Zoning Ordinance.

June 10, 1942.

Honorable Mayor and City Council,
Lansing, Michigan.

Gentlemen:

This is in reference to the communication received by the City Council from the Sun Oil Company asking for a temporary permit to operate their bulk storage plant in its present state for the duration of the war at the location Northwest corner of South Cedar and Spring Streets. This matter was referred to the Committee on Police and Fire and myself and the following action has been taken.

Alderman Ralph Crego Chairman of the Police and Fire Committee; Mr. S. B. Christy, District Manager of the Sun Oil Company, and myself made a tour of inspection of the above mentioned Company.

Following this inspection, it was decided by the Committee that the temporary permit should not be granted to the Sun Oil Company as requested.

It is the opinion of this department that due to the location and close proximity to sewers, highway and railroad; also due to the numerous fire hazards that are involved, that the temporary permit should not be granted.

A previous inspection had been made by this department in cooperation with the Fire Marshal's Division of the Michigan State Police and orders were issued on November 17, 1941, which are to be complied with in every respect or the bulk storage plant to be discontinued at this location.

Respectfully yours,

SAMUEL C. FISHER,

Fire Marshal, Lansing Fire Department.

Received and placed on file.

REPORTS OF CITY OFFICERS

June 22, 1942.

Honorable Mayor and Members of the Council of the City of Lansing,

Re: Proposed resolution requiring printing or printed matter to bear union label.

Gentlemen:

Section 81 of the Charter provides:

"The City Council shall have power to make contracts for city printing, and the publication of the official proceedings of the council, and all such work shall be open to competition, and let to the lowest responsible bidder, under such rules and regulations as the council may prescribe."

By virtue of the authority vested in the Council, the following resolution was pass-

ed by you on July 26, 1937, said resolution reading as follows:

"That in bids for city printing a responsible bidder shall be considered to be one who complies with the following conditions:

"1. The printing concern must file with the city clerk a sworn statement to the effect that its employees are receiving the prevailing wage rates and are working under conditions prevalent in this locality.

"2. Whenever a collective bargaining agreement is in effect between an employer and employees who are represented by a responsible organization which is in no way influenced or controlled by the management, such agreement and its provisions shall be considered as conditions prevalent in said locality and shall be the minimum requirements for being adjudged a responsible bidder."

It is therefore my opinion that the proposed resolution violates Section 81 of the Charter and is contrary to the resolution already passed by this Council as set forth herein.

Respectfully submitted,

CLAY CAMPBELL,
City Attorney.

Received and placed on file.

To the Honorable Mayor and City Council
Gentlemen:

REPORTS OF CITY OFFICERS

June 29, 1942.

To the Honorable City Council of the City of Lansing, Michigan.

Gentlemen:

At the present time the City of Lansing has three departments which carry on work in the nature of public relations. Under the Public Relations Committee of this Council there is operated the Department of Public Works Relations and the

Children's Home. Under the Market Committee of this Council the work of the City Market and Sealer of Weights and Measures Departments is conducted. Essentially, these two last named departments carry on public relations work because they provide for the contacts between the City government and the public and the merchandising relationships between certain producers and sellers and the general public.

It is my recommendation to you that the Market and Public Relations Committees make studies looking toward the establishment of a Public Relations Department by Charter Amendment. This Department would have under its control the following agencies which now exist, to-wit: Public Relations Department, Children's Home, City Market, Sealer of Weights and Measures.

Respectfully submitted,

SAM STREET HUGHES,
Mayor.

By Ald. Stoppel—

That the communication be referred to Committee on Public Relations and Committee on Markets.

To the Honorable Mayor and City Council of the City of Lansing,

Gentlemen:

I herewith report that I have given to the City Comptroller an itemized list of sidewalk built and repaired, to be assessed on the July 1942 tax rolls, a total of \$10,369.20 to be distributed as follows:

Traffic Commission Report

June 29, 1942.

The Traffic Commission to whom was referred the petition to enforce TWO

HOUR PARKING in the 500 and 600 blocks of Baker Street and the 1400 block of Linval Street recommend that no signs be erected on these streets restricting parking to two hours until the Nash-Kelvinator Company has completed their parking lot on Donora Street, which will be of sufficient area to accommodate all employees at their plant and will do away with street parking of cars.

Respectfully submitted,

LANSING TRAFFIC COMMISSION,

By SIDNEY ANGER, Secretary.

Received and placed on file.

Ald. Letherman was excused.

June 29, 1942.

Honorable Mayor and City Council,

Lansing, Michigan.

Gentlemen:

I am attaching hereto a letter received from the Michigan Motor Bus Association in which they outline the difficulties they are having at the Bus Terminal on South Grand Avenue with the extra busses which they are using to transport defense plant workers. After a careful study of their problem, it is my recommendation that the Council permit these busses to load and unload on the west side of Grand Avenue in front of the Bus Terminal. There is no parking permitted at this location at the present time so it will not necessitate the doing away with any present parking stalls.

Respectfully submitted,

SIDNEY ANGER,
Traffic Director.

By Ald. Graham—

That the request be referred to the Transportation Committee with power to act.

Carried.

The following is a report of a reinspection made of the property owned by Mr. Earl H. Pierson, located at 1425 Jerome Street, of which a time limit of sixty (60) days was recommended by this department and was granted by the action of the City Council May 11, 1942.

I personally conversed with Mr. Pierson regarding the necessary work and time required to complete the building, he finds that due to unforeseen complications involving time and help, his contractor has been unable to complete the job in the allotted time.

Owing to the fact that Mr. Pierson has started the repair work on the property and has all the necessary materials required to complete the building, I recommend that the requested forty-five (45) days extension of time by Mr. Pierson be granted by the City Council.

June 30, 1942.

To the Honorable Mayor and City Council,
Lansing, Michigan.

Gentlemen:

I believe during these trying times we all
should work together in harmony, co-
operation and fair play, and I would say
this does not apply to a certain few but to

everyone, and in order to have harmony
and co-operation we must have fair play.

I was informed by the Chairman of the
Salary Committee, at the time the City Bud-
get was made up in 1941, that they were in-
vestigating a new method of paying salaries
in the City Hall and that this method
would equalize the salaries according to
experience, type of work, etc. This method
was to be in the form of a Junior and
Senior classification for employees. New
employees to be classed as Junior, and
older employees to be classed as Senior
employees, with the salaries for Junior
starting at \$900.00 per year and grad-
ward for each year's service and under
condition was a new employee to be put
the Senior class bracket until such time
this classification was warranted.

I was also informed the above condition
existed and were in force, during the
the 1942 budget was made up, although
cited to the Salary Committee several
where employees had been hired from
outside and received starting salaries
equivalent to employees in the Senior bracket
several years service. I was given
excuses as to why this was done, but
which answered the question satisfactorily.

I am now informed that a new employee
has just been hired in one of the City
Departments with a starting salary
\$1,350.00 per year.

I called one member of the Salary Com-
mittee regarding this matter and was in-
formed he did not know he had signed
authorization for this amount. I called
another member and was informed he had
checked up on this matter and it was neces-
sary to pay this amount in order to get
person with some experience to do the
work. I informed him it was work on the
same records we use in our office and
told me he knew nothing of this and
did not wish to argue regarding the matter.

I believe in new modern methods, I do
believe if a rule is made regarding the
establishment of salaries it should be
adhered to, at least by the Committee making
it.

I will grant that the salaries are not
adequate for these times, but the rule
has been established and if it is changed
by one person in one department, it should
be changed accordingly all along the line.

I do not believe the above condition
promotes harmony or co-operation among
employees and should be corrected.

LAWRENCE E. HELLER,
City Assessor.

By Ald. Graham—

That the communication be received and
placed on file.

July 25, 1942.

To the Mayor and the City Council of Lansing,
City Hall,
Lansing, Michigan.

Gentlemen:

In conformity with the desire of the office of Defense Transportation at Washington, D. C., the Lansing War Transportation Conservation Committee and the Inter City Coach Line Company of Lansing have prepared and the Committee submits herewith for your approval, a plan of alternated "Victory Stops" for in-bound and out-bound bus trips covering Lansing and East Lansing, over the entire system, but without change of any of the routes.

Attention is called to the fact that where there is a "skip stop" street on the in-bound trip, the "skip stop" on the out-bound trip is an alternating street.

In other words, the street that is skipped on the in-bound trip is the street at which a stop is made on the out-bound trip.

Our Committee also requests that approval be given to the Coach Line Company to the elimination of the bus stop on Grand Avenue at the Southeast corner of Grand and Michigan Avenue, and the bus stop on Capitol Avenue at the Southeast corner of Capitol and Michigan.

The Lansing War Transportation Conservation Committee is composed of Mayor Hughes, Police Chief O'Brien, Alderman Bassett, City Engineer Manz, Police Chief Rogers, and the undersigned as Administrator.

The "Victory Stop" plan and the elimination of the two street stops is satisfactory to the Inter City Coach Line Company and our Committee will appreciate it if you will give the plan approval to take effect August 2nd so far as it applies to the City of Lansing, and direct the City Traffic Bureau to place suitable identification marking for "bus stop" and "no bus stop," city to bear fifty per cent of the cost.

Respectfully submitted,

REPORTS OF CITY OFFICERS

July 30, 1942

Honorable Mayor and City Council,
Lansing, Michigan.

Gentlemen:

On April 3, 1942 the recommendation was made to the City Council that parking restriction signs be removed from the vicinity of the Nash-Kelvinator located on South Cedar Street. On account of the shortage of parking space it was deemed necessary to allow the employees to park on the surrounding streets until such time as off-street parking could be arranged.

The company has now completed their parking lot on Donora Street which is of sufficient capacity to accommodate all of their employees. I wish to recommend therefore that all parking signs be again erected and that the Nash-Kelvinator Company be advised that as soon as these signs are up the Police Department will enforce the parking regulations. This will

give the company sufficient time to notify their employees that they will have to park on the company lot or else receive a parking ticket if they park on the street.

Respectfully submitted,

SIDNEY ANGER,
Traffic Director.

By Ald. L. J. Smith—

That the recommendation be accepted.

Carried.

July 29, 1942.

JOHN F. WEBB,
Acting City Treasurer

Referred to Committee on Ways and Means.

August 3,

To the Mayor and Members of City Council,

Gentlemen:

Since the closing of the Board of Assessors' view, there has come to Assessor's a number of requests for exemption of soldiers of the present war.

House Enrolled Act No. 8, passed at the second extra session of the legislature in 1942, amended the act referring to exemptions for soldiers of all wars in the United States made special provisions for the soldiers who are in the service at the time—Quote: All such real estate owned as a homestead by any person who entered during the calendar year 1940, or who shall have hereafter entered the military or naval service of the United States, including all taxes assessed on such property during the periods such person was in the military or naval service of the United States and for one year thereafter, such person desiring to accept the exemption named in this subsection shall make affidavit with the supervisor or assessing officer stating that he is in the military or naval service of the United States. PROVIDED: That the supervisor or assessing officer may accept such affidavit from the spouse, children, guardian, minor children, parents, brother, sister, child of brother or sister, or next of kin. PROVIDED FURTHER: that any person desiring to accept the exemption named in this section as to the exemption from taxation shall annually make affidavit with the supervisor or assessing officer stating that he is a soldier or sailor in the service of the United States.

As I read the act, the same is subject to the filing of such affidavit and can be accepted at any time. On behalf of the Board of Assessors I am asking you to make of this matter.

As I see it, these exemptions would not affect the valuation structure but might affect the financial structure in that orders would have to be drawn to take care of any exemptions that may be allowed and such orders be charged to Tax Abatement Fund, for the reason that taxes on

the properties that might be affected by such action as your honorable body might take have been turned over to the City Treasurer for collection and it therefore be necessary for him to get same from some source.

Awaiting such action as you make take in this matter, I remain

Respectfully yours,

BOARD OF ASSESSORS.

By David E. Lord,
Chairman, Board of Assessors.

Referred to Committee on Legislation and City Attorney.

Carried.

August 10, 1942.

To the Honorable City Council of Lansing, Michigan.

Gentlemen:

The Lansing Council of Defense at its regular meeting held July 29, 1942, instructed me to request the City Council to make arrangements to have all sirens on ambulances, police and fire equipment done away with for the duration of the war.

The reason for this request is that if no sirens are used during the war except the official sirens denoting a blackout, the citizens of our community will be better able to cooperate with the Civilian Pro-

tection Division of the Civilian Defense program. At the present time sirens are used by so many organizations that the people are never sure that the sound of Civilian Defense sirens are calling for a blackout. It has been reported to us that in a great many instances our citizens have thought that air raid sirens were fire apparatus sirens.

Respectfully submitted,

SAM STREET HUGHES,
Chairman.

Referred to Police and Fire Commission.

August 10, 1942.

To the Honorable Mayor and City Council,
Lansing, Michigan.

Gentlemen:

In replying to the communication received from Mr. Reed, Treasurer of the I.O.O.F. Lodge, regarding the July assessed valuation on the property located at 1100 N. Washington Avenue which was referred to the Board of Assessors by your Honorable Body, we wish to state as an explanation to the matter that land values in this vicinity were all refigured this year and inasmuch as all fraternal organizations in the city of Lansing are partially exempt on taxes this matter was overlooked and the full amount figured for this property. It did receive this year, however, a reduction in taxes but, of course, this had no effect whatsoever on the partial exemption granted this organization.

The difference in these two amounts of valuation have been corrected by a voucher.

Respectfully submitted,

BOARD OF ASSESSORS,
DAVID E. LORD, Chairman.
LAWRENCE E. HELLER,
C. M. ZIEGLER.

Received and placed on file.

August 15, 1942.
To the Mayor and City Council of Lansing,
Lansing, Michigan.

Gentlemen:

Some months ago parking facilities on the property of the Olds Motor Works were curtailed due to the building of a new sewer. About that time the traffic restriction signs in the streets located between the Oldsmobile plant and Main Street were removed by permission of the Council to permit unrestricted parking for the benefit of the employees of the Olds Motor Works.

You will recall that several weeks ago a communication from property owners living near the Oldsmobile Plant asking for some parking restrictions in their neighborhood was referred to the Traffic Commission.

The new sewer, above referred to, has been completed and we are advised by the representatives of the Olds Motor Works that additional parking space is now available for Oldsmobile employees on the company property.

We, therefore, recommend that, beginning August 24, parking be restricted to one hour on the East side of all streets running north and south between Olds Avenue and Main Street from and including Logan Street East to Townsend Street and on the West side of Townsend Street and also be so restricted on the north side of William Street between Logan and Walnut, also on the south side of Carlton Terrace.

We have arranged with the representatives of the Oldsmobile Plant, that, if the above proposition is approved, on Tuesday, August 18, we will place a notice on all cars parked in the above area stating that—

Beginning Monday, August 24, parking will be restricted on one side of the streets in this area and that additional parking space is available to Oldsmobile Employees on the company property, and that application to park on company property should be made to Oldsmobile Plant Protection Department.

The Oldsmobile Plant agrees to have these notices printed without expense to the city. Notices will again be distributed on Friday, August 21, and the "One Hour" parking signs will be erected on or before Monday, August 24.

Yours very truly,

LANSING TRAFFIC COMMISSION.

SIDNEY ANGER,
Traffic Director.

By Ald. L. J. Smith —

That the recommendations be approved.
Carried.

August 14, 1942.

Honorable Mayor and Members of the City Council,

REPORTS OF CITY OFFICERS

August 22, 1942

Traffic Commission Report

In accordance with a resolution introduced by Ald. LeClear, the Traffic Commission recommends that parking be prohibited on the east side of Linval Street

from Avon Street to Mt. Hope Avenue and also on the south side of Avon Street from Cedar Street to Bailey Street. The Commission also recommends that TWO HOUR parking signs be placed on the west side of Linval Street from Avon Street to Mount Hope Avenue and on the north side of Avon Street from Cedar Street to Bailey Street.

Respectfully submitted,

LANSING TRAFFIC COMMISSION,

By SIDNEY ANGER,
Traffic Director.

Referred to Committee on Ordinances.

August 24, 1942.

Honorable Mayor and City Council,
Lansing, Michigan.

Gentlemen:

The Traffic Commission wishes to report as follows on the requests which have been made for traffic signals at the following locations:

Grand River Avenue at Center Street

Saginaw Street at Cedar Street

Logan Street at Barnes Avenue

If traffic conditions should remain at present levels we are of the opinion that signals could be advantageously installed at the first two named intersections. There is considerable traffic on both Center and Cedar Streets which has difficulty in crossing Saginaw Street and Grand River Avenues. However, if the volume of traffic should decline, which it is quite logical to assume that it will, then the need for signals at these two intersections would be eliminated.

With reference to the requested signal at Logan and Barnes, it is our opinion that this signal is primarily for the protection of school children crossing Logan Street. It is our thought that rather than erect a signal at this intersection it would be better to use two portable STOP signs mounted on pedestals which would be placed on both sides of the intersection, thus requiring all traffic on Logan Street to stop during the time that the children are going to and coming from school. These signs could be put in the street the same as the dummies are placed and then removed when not in use. This method has been used in several other cities and has been found very satisfactory.

I would very much like to try this method at this location and if it works out satisfactorily we would then be able to extend it to other school locations where

there is a hazard to children crossing heavy traffic streets.

Respectfully submitted,

LANSING TRAFFIC COMMISSION,

By SIDNEY ANGER,
Traffic Director.

By Ald. L. J. SMITH—

That the recommendation be approved.
Carried.

REPORTS OF CITY OFFICERS

August 31, 1942.

Honorable City Council of the City of Lansing, Michigan.

Gentlemen:

The Lansing Council of Defense at its regular meeting August 26, 1942, passed the following resolution and instructed me to forward the same to you:

"Due to the fact that the Siren has come to be pre-eminently a signal to arouse the populace to the danger of an air raid and to signal the need for immediate blackout of the community; and due to the fact that both the Fire and Police Departments equipment in Lansing, as well as ambulances both of the Police Department and private individuals, still persist in the use of the Siren as a warning device, thus serving to discomfort the people and spread confusion and alarm among them. Therefore, be it resolved that the Lansing Council of Defense hereby requests of the Lansing City Council that immediate steps be taken to eliminate and prohibit the use of any Sirens in the City save those erected for Air Raid Alarm;

"And Be It Further Resolved, that the Lansing Council of Defense believes and immediate action necessary in order to perfect the protective facilities designed for the community, and vital to the security and peace of mind of its people."

Respectfully submitted,

SAM STREET HUGHES,
Chairman.

Referred to Lansing Council of Defense and Police and Fire Board.

Respectfully submitted

C. W. ZIEGLER,
City Assessor.

Received and placed on file.

August 31, 1942.

To the Honorable Mayor and City Council,
Gentlemen:

In compliance with your resolution of
August 24, 1942, this is a report on the
smoke conditions at the laundry and bak-
ery at Saginaw Street and Verlinden Ave-

nue, and the laundry at S. Pennsylvania Avenue and Hazel Street.

The bakery on W. Saginaw Street is, and has been for years, equipped with a stoker at each boiler and does not violate the smoke ordinance. The stoker at the laundry burned out and a new one was ordered, but due to conditions it took some time to get the new one. Hand firing was necessary in the mean time and considerable smoke resulted. However, the new stoker was installed a week ago and the smoke violation has been removed.

The laundry at S. Pennsylvania Avenue and Hazel Street had to install a new and larger boiler. Then they discovered that their stoker would not handle the new boiler so they hand fired the boiler with steam coal which caused the smoke violation. Mr. Subar, the owner, has ordered a stoker and in the mean time is burning nothing but Pocahontas coal, which has cut down the amount of smoke to such an extent that the smoke ordinance is not being violated.

Very truly yours,

CHAS. J. FOX,
Bldg. Commr.

M. M. CALDWELL,
Asst. Bldg. Commr.

Referred to Committee on Ordinances.

September 8, 1942.

To the Mayor and City Council.

Gentlemen:

The County has signified an interest in acquiring the Cedar Street Recreation Building.

May we ask that the Recreation Department be given an opportunity to present their reasons for the continued use of the building for the thousands of adults and children who are using the building regularly.

While the building is old it has been re-roofed, painted and overhauled and is serving a section of the city where there is no other building available and in a section marked by the highest juvenile delinquency in the whole city. Over 325 children from the neighborhood were registered and using the building last year.

Boy scouts, girl scouts, a group of boys on probation airplane clubs and groups of boys, girls and adults using power tools for handcraft work are using the building regularly during the fall and winter months. Classes in Civilian Defense and First Aid were conducted for the auxiliary police department, the park department and the health department, and the building has been the center for the women's recreation clubs and the 43 Homemaker Clubs with over a thousand women enrolled.

The building also handles storage of playground tools and equipment and athletic equipment of the recreation department, and donations for the building have been made in money, equipment and furnishings from many of the dinner clubs, factories and retail establishments of the city.

We have detailed information available for your use and believe that a study of the situation will convince you, as it has us, of the need for such a building and its rapidly growing program for both youth and adult in war time.

The swing shift in industry has provided plenty of trouble in family life, which with the war has resulted in real juvenile problems. There is need for an expansion of the work being done at the Cedar Street building which is filling a real need in the community and in the city. With that interest in mind, we are appealing to the good judgment and continued support of your honorable body.

Sincerely,

MRS. H. R. HARVEY,
Recreation Director,

H. LEE BANCROFT,
Superintendent of Parks.

Referred to Committee on Public Buildings.

Traffic Commission Report

On September 8 Alderman Graham requested the Traffic Director to report on the possibility of a traffic signal at the intersection of Saginaw Street and Verlinden Avenue for the protection of school children who have to cross at this intersection. I would like to recommend that we use two portable STOP signs to be placed on Saginaw Street both sides of Verlinden Avenue during the times when school children are using this crossing. These signs could be put in the street by the school officer and removed when all the children had either gone to school or to their homes.

We are now having similar signs made up for use at Logan and Barnes and if this recommendation meets with the approval of the Council we will include signs for Saginaw and Verlinden.

I would suggest that the Police Department give some supervision to these two locations and if any motorists fail to properly observe these stop signs they should be dealt with accordingly.

Respectfully submitted,

SIDNEY ANGER,
Traffic Director.

By Ald. Crego—

That the recommendation be approved and plan adopted.

REPORTS OF CITY OFFICERS

October 5, 1942.

Honorable Mayor and City Council,

Gentlemen:

Pursuant to your request, I wish to make the following report on a petition complaining about the noise from the Nash-Kelvinator plant and the Centrifugal Fusing Corporation, which was referred to me, by your Body, September 28, 1942.

The noise in question is a humming sound caused by the motors on the ventilators. These ventilators are an absolutely necessary part of the plant equipment, and all industrial plants are required by law to be so equipped. I refer you to Act 43, Public Acts of 1921, which created the Department of Labor and Industry. Also under the Occupational Disease Act, plants are required to install all equipment necessary for the preservation of the health and safety of their employees.

Therefore, I do not think that this noise so complained about, comes under the Anti-Noise Ordinances, and inasmuch as it is caused during the course of and through the general conduct of the operation of the plant, I can see no reason for the complaint.

JOHN F. O'BLEN,
Chief of Police.

Received and placed on file.

September 30, 1942.

To the Honorable Mayor and Members of City Council,
Lansing, Michigan.

Gentlemen:

I wish to call your attention to Section 129 of City Charter and Article 16, Section 3 of the Constitution of the State of Michigan, which pertains to the salaries of elective officers.

The Treasurer of the City of Lansing is elected for a two year term, therefore any increase in salary must be passed on by Council at a meeting previous to election which is held this November 3, 1942.

The salary of the City Treasurer is now \$3,000.00 per year which is considerably lower than any other elective officer with the exception of the constables. See attached list for comparisons.

Other department heads have had increases in salary in past years while the Treasurer's salary has remained the same for the past fifteen years.

The daily routine of the Treasurer's office brings it in contact with not only the Taxpayers but by far the greatest number of the general public of any office of the departments.

The duties and responsibilities of the Treasurer's office have however increased considerable along with the growth of the City, as one example for the past 13 months collection of Garbage rentals and Parking meters have been added to the duties of the Treasurer's office.

I have conducted this office each year within its yearly budget, with a saving to the City, while at the same time adding to the efficiency in service rendered to the public.

I feel that the Treasurer should be compensated on the same basis as other department heads of our city government. The cost of living has increased for the head of this department along with others.

In other words, I feel the salary of the City Treasurer should be \$3,600.00 per year. Therefore, I ask that your committee favorably consider this request.

Any appropriation or transfer of funds would not be necessary as through economy in the administration of the Treasurer's office funds are available to take care of difference in salary from January to the end of the fiscal year.

Very truly yours,

JOHN F. WEBB,
Acting City Treasurer.

Referred to Committee on Salaries.

The Committee on WAYS AND MEANS to whom was referred the request for additional increases in salaries for Policemen and Firemen reports as follows:

In the 1942-43 budget the City Council provided increases in Police and Fire Salaries amounting to \$21,629.92.

Also in the 1942-43 budget was an appropriation for War Emergencies of \$24,000.

The City Council used \$3,129.09 of this amount for the purchase of war-risk insurance and from the balance remaining the City Council provided salary increases

of \$100.00 per year for all regular year-round salaried employees receiving \$1,900 or less and \$50.00 per year for those from from \$1,901 to \$2,250, inclusive.

The Police and Fire portion of this increase was \$8,400.00.

There are no additional funds available for salary increases in the present budget and the present appropriations cover expenditures thru April, 1943, and any further increases would require borrowing of money, which would have to be repaid from appropriations in next year's budget.

The increases granted in Police and Fire Salaries this fiscal year average 7% on the entire pay roll and this additional cost is also carried thru to the cost of the Police and Fire Pension, inasmuch as any salary increases automatically increase pension benefits.

The report of the actuary on the total reserve liabilities of the Police and Fire Pension system based on last year's salary rate was \$2,350,488.00.

The 7% increase in salaries granted this year will increase this figure approximately \$140,000.

The cost of the Police and Fire Pension System based upon amortizing the cost over a 30 year period is 25.9% of payroll. The men contribute 2% and the City of Lansing makes up the difference of 23.9%.

23.9% of the present annual payroll of the Police and Fire Department amounts to approximately \$111,000.

23.9% of a full paid fireman's or patrolman's salary is \$525.80.

The total annual cost to the City for a full paid fireman's or patrolman's salary and pension is \$2,725.80.

Of the \$2,200 salary the policeman or fireman contributes 2% or \$44.00 and the City of Lansing must provide an additional \$525.80.

An up-to-date survey shows the following rates of pay for policemen and firemen in other Michigan cities:

	Policemen	Firemen
Bay City	\$2,020.00	\$2,020.00
Saginaw	2,100.00	2,100.00
Flint	2,205.00	2,265.00
Pontiac	2,310.00	2,310.00
Grand Rapids (Present)	2,000.00	2,000.00
Grand Rapids (Proposed in new budget not yet adopted)	2,104.00	2,104.00
Highland Park	2,700.00	2,700.00
Kalamazoo	1,946.70	1,946.70

Jackson 1,920.00 1,920.00

Average 8 Cities: Using Proposed new
Grand Rapids Rate—\$2,163.21.

City of Lansing Rate: \$2,200.00.

We therefore recommend that no further
increases be granted at this time.

Honorable Council for the
City of Lansing.

Lansing, Michigan.

Gentlemen:

As you are fully aware there has been a very marked increase in living as well as the large increase in operating and maintenance of our automobiles.

We are elective officers and are fully aware that our salaries cannot be increased during our terms of office, but we do feel that due to the general increase in our expenses we should receive an allowance for the maintenance and operating of our automobiles while we are engaged in city business.

We are therefore asking that your honorable body allow us four hundred dollars (\$400.00) each per annum for automobile expenses.

We respectfully ask that you give this request your consideration and hope that you can grant same, effective immediately.

Respectfully yours,

JACK HERNLY,
C. A. MORLOK,
Constables,
Lansing, Michigan.

Honorable Mayor and Members of the City Council:

I wish to submit herewith proper notice of the death of Mrs. Marcella Brooks on November 9, 1942, who has been carried as a contract case with the City of Lansing under the supervision of this department since the date of her contract, November

11, 1929, at which time, her property was devoted to the City for her care and maintenance for the balance of her life. The property now automatically comes into the hands of the City of Lansing and is available for disposition at your direction.

The property has recently been rented and this renter is desirous of purchasing the property described as Lot 10, Block 2 of Hudson's Addition, located at 206 Regent Street.

The property is now assessed in the amount of \$1,600 by the City Assessor's office.

Referred to Committee on Public Buildings.

Traffic Commission Report

The Traffic Commission has investigated the request of Alderman Hungerford that Rockford Road be made a STOP street from Cedar Street to Washington Avenue and herewith submit its recommendation:

The important factors which determine whether or not a street should be made a STOP street are volume of traffic, accidents and physical characteristics of the street. The average traffic on this street is far less than the minimum requirement of 300 cars per hour while the records of the accident prevention bureau show only two or three minor property damage accidents. There are two intersections however; namely, Forest and Teel Avenues where the physical condition is such as to create an accident hazard. It is our proposal to erect warning signs on both Forest and Teel Avenues, both sides of Rockford Road, which will give motorists sufficient warning of the approaching intersection. We believe that with the installation of these warning signs it will not be necessary to make Rockford Road a STOP street.

Respectfully submitted,

LANSING TRAFFIC COMMISSION
By SIDNEY ANGER,
Secretary.

By Ald. Crego—

That the Council concur in the Traffic Commission's recommendation.

Carried.

November 16, 1942.

The Traffic Commission to whom was referred the request of Alderman LeClear

that parking be prohibited on the south side of Baker Street from the M.C. R.R. to Pennsylvania Avenue and on the west side of Donora Street from Baker Street to Mt. Hope Avenue recommend that parking be restricted on the south side of Baker Street from the M.C. R.R. to Donora Street only and on the west side of Donora Street to Baker Street to the south end of the Nash-Kelvinator parking lot.

With reference to the same request that parking be restricted to TWO HOURS on the north side of Baker Street from the M.C. R.R. to Pennsylvania Avenue and on the east side of Donora Street from Baker Street to Mt. Hope Avenue, we recommend that the TWO HOUR parking restriction coincide with the No Parking restrictions on the opposite side of these streets.

We also recommend that the request for a TWO HOUR parking restriction on the west side of Pennsylvania Avenue from Baker Street to Mt. Hope Avenue be denied.

Respectfully submitted,

LANSING TRAFFIC COMMISSION
By SIDNEY ANGER,
Secretary.

By Ald. Crego—

That the report be adopted.
Carried.

November 16, 1942.

The Traffic Commission to whom was referred the request of Alderman Snyder that parking be prohibited on certain portions of Holmes, Eureka and Prospect Streets recommend that the request be denied, since an investigation shows that no traffic hazard exists on these streets due to parking.

Respectfully submitted,

LANSING TRAFFIC COMMISSION
By SIDNEY ANGER,
Secretary.

By Ald. L. J. Smith—

That the report be adopted.
Carried.

November 16, 1942.

The Traffic Commission to whom was referred the request of the women of the First Baptist Church that the parking restrictions in the 200 block of West Ionia Street be waived on Tuesday afternoons recommend that the request be denied. Approval of this request would result in similar requests from numerous other organizations in the down-town area.

Respectfully submitted,

LANSING TRAFFIC COMMISSION
By SIDNEY ANGER,
Secretary.

By Ald. Niles—

That the report be adopted.
Carried.

BERTHA RAY,

Secretary of the Board of Police and Fire Commissioners.

Referred to City Attorney and Police and Fire Commission and Committee on Police and Fire.

Carried.

December 7, 1942.

Honorable Mayor and City Council,

Gentlemen:

For some time the Traffic Commission has been considering the advisability of establishing an additional cross town route on the west side of the city primarily for the numerous factory workers at the Oldsmobile plant who live in the northern section of the city. Since the main plant gate of the Oldsmobile plant is located at Pine

Street and Olds Avenue, we believe that Pine Street would be the logical through cross-town street.

The Olds Motor Works at their own expense is purchasing a traffic signal to be erected by the City of Lansing at the intersection of Pine Street and Olds Avenue. Other signals located on Pine Street at the present time are at the intersection of Main, Kalamazoo and Saginaw Streets. It would be our recommendation that the additional signals be erected at the intersections of Allegan, Ottawa and Shiawassee Streets. These signals could then all be synchronized to provide for an even flow of traffic throughout the entire length of Pine Street. At all intersections where no traffic lights would be placed it is our recommendation to install STOP signs on the streets approaching Pine Street.

In view of the fact that the records of the Accident Prevention Bureau show an increase in the number of accidents on Pine Street the Traffic Commission believes that the City Council should take favorable action on this recommendation.

Respectfully submitted,

SIDNEY ANGER,

Traffic Director.

By Ald. Crego—

To the Mayor and City Council of Lansing, City Hall,
Lansing, Michigan.

Gentlemen:

On behalf of the War Transportation Conservation Committee of the City of Lansing, I hereby recommend that, for the purpose of improving the bus transportation in Lansing and reducing accident hazards, you adopt the following three regulations:

First: That regular Inter-City Coach Line Bus stops be made at the intersection of Washington and Michigan Avenues, but that no other regular Inter-City Coach bus stops be made nearer to said intersection than at Shiawassee Street on the North, Walnut Street on the West, Kalamazoo Street on the South and Cedar Street on the East.

That the spaces now reserved for bus stops in the abovementioned area that will not be used under the abovementioned arrangement, be designated for use by commercial vehicles for loading and unloading only.

Second: That the Inter-City Coach Line West bound busses now stopping on the North side of Michigan Avenue, just East of Washington Avenue, hereafter stop on the North Side of Michigan, West of Washington Avenue, along the South side of the City National Building, instead of where they are now stopping.

And the North Bound Inter-City Coach Line busses coming West on Michigan Avenue now stopping on the North side of Michigan Avenue just East of Washington Avenue turn the corner and stop

on the East side of Washington Avenue North of Michigan Avenue and that additional space be reserved there for one more bus.

Third: That all right hand turns for vehicles, except busses, be eliminated as to the four corners of the Intersection of Michigan and Washington Avenues.

The reasons for the above regulations are as follows:

The Federal Government has requested that the number of bus stops be reduced as much as possible and there seems to be no reason why the service to the public would be seriously impaired by the adoption of the first recommendation. Further the adoption of this recommendation will eliminate certain hazards to pedestrians and automobiles now caused by the busses pulling over to the side of the busy streets. It will also make it easier for the bus drivers to maintain their schedules.

The adoption of the second recommendation will eliminate a great deal of congestion on the Northeast corner of Michigan and Washington Avenues which now obstructs the entrances to the business places, and blocks the sidewalks.

If the second recommendation is adopted the Traffic Commission can take the parking meters off of their stands along the side of the City National Bank Building, for the time being, and place five minute parking signs along the North side of Michigan Avenue, East of Washington Avenue, to the present parking meters, for the time being.

As to the third recommendation, the records of the bus company show that during the month of November there were 22 automobile-bus accidents at the intersection of Michigan and Washington Avenues, due to automobiles making a right hand turn in front of a moving bus. Busses have also been delayed by automobiles turning in front of a bus and waiting for pedestrians to cross the street, thus keeping the bus from starting when the green light was in its favor.

At present there are about 6,000 transfers of passengers from one bus to another made at the intersection of Michigan and Washington Avenues every day and the making of right hand turns interferes with the bus riders crossing the street to get to the busses for which they have transfers.

A study of the automobile passenger traffic at the corner of Washington and Michigan Avenues during rush periods when the Police Department have stopped all right hand turns shows that the flow of automobile traffic per minute increases about 25%. The adoption of the third recommendation will reduce the hazards and facilitate the movement of automobiles and thus avoid congestion at the corner. It will also enable pedestrians to cross the street to a better advantage.

The stopping of right hand turns and the elimination of bus stops as above recommended, I am advised, will be very much appreciated by the bus drivers. The change of bus stops from the East to West side of Washington Avenue will take care of a complaint of Mr. Hardy that his business has been interfered with by people standing in both doorways of his store. All three recommendations have the approval of the Traffic Commission.

Yours very truly,

CHARLES E. ECKER,

Administrator of War Transportation Conservation Work in Lansing.

Referred to Committee on Transportation.

Alderman Hungerford and Alderman W. E. C. Smith were excused from the meeting.

And recommend that the following streets be closed to traffic and protected by barricades and flares between the hours of 4:00 p. m. and 8:00 p. m. for the use and convenience of those using the roadways for coasting and during such periods of the winter as would seem advisable to the committee:

To the Honorable Mayor and City Council, Lansing, Michigan.

Attention: Streets Committee

Gentlemen:

You have asked whether or not the City of Lansing is liable for injuries to a person who may be injured while coasting on a street that has been designated and properly marked off for that purpose.

The City Council may by resolution authorize the setting aside of certain streets for coasting purposes and the City would not be liable for injuries received by any one who uses the street so designated for that purpose.

In the case of **Burford v. City of Grand Rapids** (the only Michigan case in point), decided in 1884 it was held that "any person making use of the public highways must use them with care and must have due regard for the rights of others. Those having occasion to use them for the customary use of travel and passage have the first right and their use must not be obstructed except under circumstances that are quite exceptional, and that make out a clear excuse." The Court would not go behind the authorization of the use of the street for coasting in this case for the reason that the matter was a discretionary one with the council.

The above case was cited with approval in the case of **Mingo Junction v. Sheline**, 130 Ohio Reports, page 34, in the year 1935.

Respectfully submitted,

CLAY CAMPBELL,
City Attorney.

Received and placed on file.

It is with a feeling of sincere regret that I herewith tender my resignation as Sealer of Weights and Measures and Market Master.

In completing nearly ten years of service with the City I think you will agree with me that these departments have been much improved during that time.

The recommendations above are the best judgment of your committee in the short time we have had to examine the problem and prepare recommendations for you. We submit it to you with our humble opinion that only with further study and the addition of a coordinating organization such as a clinic will the curfew have great value.

REPORTS OF CITY OFFICERS

December 21, 1942.

Honorable Mayor and Members of the City Council,
Lansing, Michigan.

Gentlemen:

Pursuant to orders received from your Honorable Body, I am submitting a roll at estimated cost for the construction of a curb and gutter on East North Street from High Street to the west line of Ballard Street.

Respectfully submitted,

City Assessor.

Received and placed on file.

December 21, 1942.

Honorable Mayor and City Council,
Lansing, Michigan.

Gentlemen:

I am advised by the Nash-Kelvinator Corporation that in order to speed up their

production schedule it was necessary for them to transfer approximately 800 men from their Cedar Street plant to their Mt. Hope Avenue plant. This increase in the number of employees over-taxes the present parking facilities of the plant and of necessity some of the men must park on streets where parking is normally restricted to one hour.

The corporation has under construction at the present time an additional parking lot which on account of the recent bad weather has not been completed as soon as was contemplated. I am advised that by the end of this week enough of the parking lot will be open to take care of all employees' cars.

In order to make it possible to avoid penalizing the men who have parked in the one-hour parking zones the Corporation is asking that the City Council lift the one-hour parking restrictions on Washington Avenue, Greencroft Road and Strathmore Road during the period of December 12 to December 28, 1942.

Respectfully submitted,

SIDNEY ANGER,
Traffic Director.

By Ald. Stoppel—

That the Council grant the request.

Carried.

To the Honorable Mayor and City Council,
Gentlemen:

Said description adjoining the city owned property on the east and comprising about 7/10 acres of land on the Grand River, for the sum of \$1,000.00.

Carried.

By Com. McKim (supported by Com. Cook)—

Resolved, that the Board of Park and Cemetery Commissioners recommend to the

City Council the purchase of land described as—

N.E'y along said right of way to a point due W. of beginning E. to beginning excepting lands used for street purposes on Sec. 28 and 29—except the north 11½ acres thereof,

comprising 48½ acres more or less, for the sum of \$12,625.00.

Carried.

BERTHA RAY,
Secretary of the Cemetery and

Received and placed on file.

Honorable Mayor and Members of the City Council,

Gentlemen:

I have served as Third Ward Police and Fire Commissioner just short of nine years.

I believe that we may agree, that during that period, there has been a steady improvement in the two departments, in appearance, personnel and efficiency, and in the condition of the equipment and buildings, including the City jail.

My contribution to these results is a matter of record, and comment from me pertaining thereto seems unnecessary.

I derive my livelihood from the proceeds of housing, and the production of food, two vital objectives in our war effort.

At a time when government asks increased production, I find myself in common with all business men confronted with the problems of scarcities and controls to an extent that precludes my giving the City the time and thought essential to proper performance of my duties as commissioner.

Therefore as a matter of fairness, I herewith submit my resignation, effective at once.

May I, at this time, express to your Honorable Body sincere appreciation of the help you have so graciously given me, over the years, in the discharge of my duties.

With best wishes to you and to the City for prosperity in 1943 and subsequent years, I am

Sincerely,

ELMER HAMMOND.

By Ald. Hungerford —

That the resignation be accepted with the Council's appreciation for his services on the Police and Fire Commission.

Carried.
